OPR: HQ AFRC/DPTS (SMSgt Sharon Benoit)  
Supersedes AFRC INDEX 8, 19 April 1996.

Certified by: HQ AFRC/DP (Col Gary L. Shoemaker)  
Pages: 22/Distribution: F

---

This index identifies CJQs and QTPs developed by AFSC functional managers. It also includes instructional programs developed by HQ AFRC Professional Development Center (PDC). These programs are developed to aid supervisors and trainers in accomplishing their training mission. Each instructional program is designed using the Instructional System Development (ISD) process.

**TABLE OF CONTENTS**

<b>Section D--Obsolete CJQs, QTPs, and Instructional Programs . . . . .</b>	<b>20</b>

**1. Distribution of Training Material.** The programs listed in this index are developed as requested by the functional manager (OPR). Once a program is completed, initial distribution is made according to a list provided by the OPR. If

additional material is required, you should request it from the respective functional OPR. Audiovisual items produced by the Professional Development Center are designated with the “\*” and may be ordered through the internet address: <http://w3.afrc.af.mil/hq/QI/product.html> or from USAVIC/JVIA, Tobyhanna PA.

**2. Requesting the Development of a Training Module.** Personnel can request training product development by the Professional Development Center in one of the following ways:

- a. Request the development through the respective functional manager with an information copy to HQ AFRC/DPIC, 155 2<sup>nd</sup> Street, Robins AFB, GA 31098-1635, DSN 497-0239.
- b. Request the need for training development through their unit training office.
- c. Forward the training requirement to HQ AFRC/DPIC using the Internet address: <http://w3.afrc.af.mil/hq/QI/initial.htm>.

CODE	EXPLANATION OF TERMS
Answer Key - AK	A listing of correct responses to a measurement.
Command Job Qualification Standard – CJQS	A command supplement to the STS or AFJQS.
CD-ROM	Compact disc – read only memory
Computer Based Training – CBT	Instructional lessons completed using computer equipment.
Criterion Test - CT	Test designed to measure the students’ attainment of a criterion objective (performance/knowledge).
Definitions - DF	Explanation of terms.
Guidance Package - GP	A pamphlet designed to assist course managers and course instructors in the administration and documentation of the training program.
Handbook - HB	Material designed as guidance only.
Handout - HO	Material designed to give to the student to supplement specific learning objectives.
Instructor Guide - IG	A format for use by the class instructor to assist in conducting a class.
Lesson Plan - LP	Two-column format which sequences “key points” for teaching the instructional program.
Qualification Training Package - QTP	A training package used to qualify individuals on required tasks.
Qualification Training Modules - QTM	Command training packages used to qualify individuals on tasks.
Qualification Training Guide - QTG	
Slide Tape - ST	Audiovisual program consisting of 35mm slides and audiocassette.

Study Guide - SG	Pamphlet designed to reinforce knowledge and guide the student through the learning process.
Video Tape - VT	Audiovisual program on 3/4" tape - U-matic format.
Workbook - WB	Performance-oriented text. Outlines procedures or exercises to accomplish a task or job.
Symbol - *	Item may be ordered from through the internet address: <a href="http://w3.afrc.af.mil/hq/QI/product.html">http://w3.afrc.af.mil/hq/QI/product.html</a> or from USAVIC/JVIA Tobyhanna PA

Air Force Reserve	4AOX1-CCL-CT-11 – CT	Sep 97
Classified Material	4AOX1-CCL-LP-11 – LP	
Handling	4AOX1-CCL-SG-11 – SG	

This lesson provides the procedures necessary to handle classified information. It was designed as a platform to satisfy sustainment training item listed in AFRCI 41-102, *Air Force Reserve Medical Services Sustainment Program*.

Air Force Reserve	4AOX1-AEL-5 – CT	Sep 97
Aeromedical	4AOX1-AEL-5 – LP	
Evacuation	4AOX1-AEL-5 – SG	

#### Anti-Hijacking Procedures

This lesson teaches who is responsible for and how to conduct and document anti-hijacking searches. It was designed as a platform to satisfy sustainment training item listed in AFRCI 41-102, *Air Force Reserve Medical Services Sustainment Program*.

Air Force Reserve	4AOX1-AEL-4 – CT	Sep 97
Patient Evacuation	4AOX1-AEL-4 – LP	
Manifest	4AOX1-AEL-4 - SG	

#### DD Form 601

This lesson teaches how to prepare a Patient Evacuation Manifest DD Form 601. It was designed as a platform to satisfy sustainment training item listed in AFRCI 41-102, *Air Force Reserve Medical Services Sustainment Program*.

Air Force Reserve	4AOX1-AEL-8 – CT	Sep 97
Aircraft And	4AOX1-AEL-8 – LP	
Flightline Safety	4AOX1-AEL-8 – SG	
Procedure		

This lesson identifies safety factors involving work on the flightline. It covers personal responsibilities, vehicle movement on the flightline, the impact of foreign object debris and overall safety responsibilities. It was designed as a platform to satisfy sustainment training item listed in AFRCI 41-102, *Air Force Reserve Medical Services Sustainment Program*.

Air Force Reserve	4AOX1-GDG-1 – CT	Sep 97
Patient Valuables	4AOX1-GDG-1 – LP	
	4AOX1-GDG-1 – SG	

This lesson teaches roles, responsibilities, and requirements for securing patient valuables. It shows how to prepare the inventory forms for safekeeping valuables, how to return the valuables and what to do during aeromedical evacuation. It was designed as a platform to satisfy sustainment training item listed in AFRCI 41-102, *Air Force Reserve Medical Services Sustainment Program*.

Air Force Reserve	4AOX1-AET-6 – CT	Sep 97
Patient	4AOX1-AET-6 – LP	
Evacuation Tag DD Form 602	4AOX1-AET-6 – SG	

This lesson teaches the purpose of, who is responsible for and when to complete the Patient Evacuation Tag, DD Form 602. It was designed as a platform to satisfy sustainment training item listed in AFRCI 41-102, *Air Force Reserve Medical Services Sustainment Program*.

<b>TITLE</b>	<b>MODULE NUMBER</b>	<b>PUB DATE</b>
USAF Combat Arms Training, M-16 Rifle	3P0X1(B)-LP-2	Jul 96 Supersedes Mar 94
Lesson plan designed for the instruction of: handling, safety, operator maintenance, marksmanship, and qualification on the M-16 rifle.		
USAF Combat Arms Training, M-9 Handgun	P0X1(B)-LP-4-1	Jul 96 Supersedes Jun 88
Lesson plan designed for the instruction of: handling, safety, operator maintenance, marksmanship, and qualification on the M-9 handgun.		
USAF Combat Arms Training, M-12 Shotgun	3P0X1(B)-LP-10-4	Jul 96 Supersedes Apr 87
Lesson plan designed for the instruction of: handling, safety, operator maintenance, marksmanship, and qualification on the M-12 shotgun.		
USAF Combat Arms Training, M-870 Shotgun	3P0X1(B)-LP-10-3	Jul 96 Supersedes Apr 87
Lesson plan designed for the instruction of: handling, safety, operator maintenance, marksmanship, and qualification on the M-870 shotgun.		
USAF Combat Arms Training, Basic, Recurring Crew-served and Recurring Individual. M-60/Machine Gun	3P0X1(B)-LP-7-1	Jul 96 Supersedes Jan 91
Lesson plan designed for the instruction of: handling, safety, operator maintenance, marksmanship, and recertification on the M-60 machine gun for employment as an individual or crew served weapon.		
USAF Combat Arms Training M16A2 Rifle Air Force Qualification Course	3P0X1(B)-LP-1	Jul 96 Supersedes Dec 93
Lesson plan designed for the instruction of: handling, safety, immediate action procedures, operator maintenance, marksmanship, and qualification on the M16A2 rifle.		
USAF Combat Arms Training M16 Rifle, Specialized Rifle Course	3P0X1(B)-LP-3-2	Jul 96 Supersedes Jan 91
Lesson plan designed for instruction of: orientation and preparatory marksmanship training for chemical warfare defense, automatic firing, preparatory marksmanship training for night fire, techniques for firing with night vision devices, techniques of firing without night vision devices using only ball/tracer ammunition, immediate action procedures, operator maintenance, safety, proper handling techniques, and qualification on the M16 series rifle.		

USAF Combat Arms  
Training M249  
Automatic Rifle (AR),  
Initial and Recurring

3P0X1(B)-LP-10-1

Jul 96 Supersedes  
Jan 91

Lesson plan designed for instruction of: handling, safety, orientation, mechanical training, techniques of fire and employment, preparatory marksmanship training, operator maintenance, proper handling techniques, techniques of firing with night vision devices, estimating range, sighting and aiming, immediate action procedures, range determination and lateral distance measurement, and qualification.

Technical Specialist Course	2TOX1-LP-1 – LP 2TOX1-SG-1 – SG	

This course teaches Hazardous Materials Technical Specialists how to complete the Shipper's Declaration of Dangerous Goods form using AFJMAN 24-204 and other applicable DOT regulations. This can be used to satisfy the every other year re-certification training required by AFJMAN 24-204. It includes instructor lesson plan, student study guide, and criterion test.

Handling Hazardous Materials	2TOX1-CBT-1	Jan 98
---------------------------------	-------------	--------

Computer based training version of the Hazardous Materials Technical Specialist Course. It is student directed with built in pre- and post-test.

**SUBJECT:** Supply  
Instructional Programs

**OPR:** HQ AFRC/LGS

<b>TITLE</b>	<b>MODULE NUMBER</b>	<b>PUB DATE</b>
Air Force Reserve	2S0X1-CT-9-1	Oct 96
Supply Specialist	2S0X1-LP-9-1	
Use of AFMAN 23-110	2S0X1-SG-9-1	

This lesson provides a working knowledge of AFMAN 23-110, *USAF Supply Manual*. It lists the contents of each part of AFMAN 23-110, identifies the steps involved in researching topics and posting changes and supplements.

Air Force Reserve	2S0X1-CT-9-2	Nov 96
Supply Specialist	2S0X1-LP-9-2	
Demand Processing	2S0X1-SG-9-2	

This lesson addresses the functions and procedures of demand processing. Provides background in the relationship with Research and Records Maintenance Elements of Demand Processing and provides knowledge of issue, research, and records maintenance procedures.

Air Force Reserve	2S0X1-CT-9-11	Oct 96
Supply Specialist	2S0X1-LP-9-11	
Equipment Management	2S0X1-SG-9-11	

This lesson provides procedures and guidance that apply to management of organization equipment under the standard base supply system. It covers use of equipment allowances, authorizations, accountable records, reports, forms, and related equipment management procedures.

Air Force Reserve	2S0X1-CT-9-7	Nov 96
Supply Specialist	2S0X1-LP-9-7	
Inventory Procedures	2S0X1-SG-9-7	

This lesson teaches the proper procedures for conducting inventories; when and how often to check the quantities of materials, and the difference between the automated and mechanical ways of performing inventories.

Air Force Reserve	2S0X1-CT-9-6	Nov 93
Supply Specialist	2S0X1-LP-9-6	
Repair Cycle Support Element	2S0X1-SG-9-6	

This lesson provides familiarization with the Due-In from Maintenance process, Repair Cycle Asset Management Listing, Multiple Due-in From Maintenance, Initial Issues, and Maintenance turnarounds.

Air Force Reserve	2S0X1-CT-9-4	Oct 96
-------------------	--------------	--------

Supply Specialist	2SOX1-LP-9-4
-------------------	--------------

Requisitioning	2SOX1-SG-9-4
----------------	--------------

This lesson teaches how to submit requisitions, obtain the status of the order, modify it, follow-up on troublesome requisitions, and manage the validation and materiel obligation processes.

Air Force Reserve	2SOX1-CT-9-3	Feb 95
-------------------	--------------	--------

Supply Specialist	2SOX1-LP-9-3
-------------------	--------------

Mission Capability (MICAP) Management	2SOX1-SG-9-3
------------------------------------------	--------------

This lesson covers how MICAP procedures secure material needed to repair mission essential equipment and processes involved in using MICAP Procedures.

Air Force Reserve	2SOX1-CT-9-10	Aug 95
-------------------	---------------	--------

Supply Specialist	2SOX1-LP-9-10
-------------------	---------------

Receiving	2SOX1-SG-9-10
-----------	---------------

This lesson teaches the importance of the Receiving process, general and specific procedures for offloading and in-checking shipments to include documenting, storing and protecting Air Force property and resources.

Air Force Reserve	2SOX1-CT-9-8	Feb 95
-------------------	--------------	--------

Supply Specialist	2SOX1-LP-9-8
-------------------	--------------

Shipment Procedures	2SOX1-SG-9-8
---------------------	--------------

This lesson teaches how to apply the shipment procedures concept, the different types of shipments, how to monitor status, process inline, and post-post, and how to manage the excess program.

Air Force Reserve	2SOX1-CT-5-1	Dec 95
-------------------	--------------	--------

Supply Specialist	2SOX1-LP-5-1
-------------------	--------------

Storage	2SOX1-SG-5-1
---------	--------------

This lesson teaches the basic principles of storage; includes characteristics of different types of materials that need to be considered when being stored.

Air Force Reserve	2SOX1-CT-9-5	Dec 95
-------------------	--------------	--------

Supply Specialist	2SOX1-LP-9-5
-------------------	--------------

Readiness Spares Package	2SOX1-SG-9-5
-----------------------------	--------------

This lesson teaches what a Readiness Spares Package is, how to create detail records transactions required for documenting RSP assets.

-------------------	------------	--------

Communications and Information	3AOX1-LP-5	
--------------------------------	------------	--

Management Official Mail	3AOX1-SG-5	
-----------------------------	------------	--

This course is designed to teach information management personnel official mail procedures, such as different classes and service of mail, how to properly address and wrap parcels, accountable mail procedures and associated forms. It also discusses how to recognize a potential mail bomb and procedures to use if a suspect item is found. It includes instructor lesson plan, student study guide, and criterion test.

Handling Official Mail	3AOX1-CBT-5	Undated
---------------------------	-------------	---------

Computer based training version of the Air Force Reserve Information Management Official Mail course. The course is student directed with a built in pre and post-test.

Air Force Reserve	3AOX1-CT-7	Apr 98
-------------------	------------	--------

Communications and Information	3AOX1-LP-7	
--------------------------------	------------	--

Records Management	3AOX1-SG-7	
--------------------	------------	--

This course is designed to teach roles and duties of records personnel, file plan set-up procedures, and how to maintain records. It includes instructor lesson plan, student study guide, and criterion test.

Records Management	3AOX1-CBT-7	Undated
--------------------	-------------	---------

Computer based training version of the Air Force Reserve Information Management Records Management course. The course is student directed with a built in pre and post-test.

3AOX1 Qualification Training Guide (QTG) Testing Program		Nov 97
-------------------------------------------------------------	--	--------

Students may print a study sheet containing all questions missed, applicable CDC paragraph references, applicable prescribing directive references, and their score. Students may also get a printout consisting of their average test score for each area, the number of times they've tested in each area, and their most recent test score in each area.

The QTG CD program also includes: CBTs (see CBT descriptions elsewhere) Lesson Plans for Workgroup Administration, 5 and 7 Level CDCs, The Enlisted Career Path for the 3AOX1 AFSC, and the CFETP. Password protected functions such as: Setting/changing student passwords Viewing student records, Creating backups of student files, and Printing practice tests are available to local program administrators.

Air Force Reserve  
Communications and Information  
Publications and Forms Handbook

3AOX1-RG-1 – Handbook

Jun 98

This handbook is designed to provide guidance for developing publications and forms. It discusses roles and responsibilities, types of publications and forms, and how to develop them. It provides samples of forms for requesting issuance of new/revised publications or forms. This handbook is intended for training purposes only and does not take the place of governing directives.
